The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text 'modAlphaCipher'. The bottom box is gray with a black border and contains the text 'KeyB\_fixture'. A dashed purple line connects the bottom of the 'KeyB\_fixture' box to the bottom of the 'modAlphaCipher' box. At the top of this dashed line, just below the 'modAlphaCipher' box, is a solid purple arrowhead pointing upwards. To the right of the dashed line, between the two boxes, is the letter 'p'.
